FOREWORD

The Knott Family have built the Dreymaur herd into the top production herd in Canada. A great deal of time and effort has gone into their entire operation of selection, feeding and overall management.

Cattle from the Dreymaur herd have done an outstanding job for everyone that has been fortunate to have purchased them.

The sale offering presents a wide variety of Dual Purpose bloodlines. The top milk production families in the herd are all represented, and should be of interest to anyone needing more milk in his herd. There are also many families that are capable of going into top quality beef herds.

There are cattle in this sale that have the frame-size, substance and practical genetic make-up to help Shorthorn and commercial breeders improve their herds.

After many years of personal friendship and also through many business dealings with Maurice and his family, I can assure you that you will be buying — Honest Cattle, Honestly Presented, to do an Honest Job for you. See you at the Sale.

BERT PEPPER, Secretary Manager
Canadian Shorthorn Association

Welcome from all of us at Dreymaur

Pictured are, back row, left to right: James, Russell, Wayne and Shelley. Front row, left to right: Nancy, Audrey and Maurice.

20 years ago we started to build our Dual Purpose Shorthorn Herd. Our first purchase was from the Clydagh herd which was one of the top herds at that time. Since then we have travelled a number of miles in Canada and the United States, selecting females which we thought were the right ones to have in our herd. Our present herd numbers are one hundred plus, due to a shortage of help we must reduce our numbers. We are offering you the opportunity to purchase from every cow family we have. We sincerely feel every female in this sale can help improve any herd.

Over the past few years we have sold cattle to Shorthorn breeders in every province in Canada, and also to some states in the U.S.

Our herd sires have done a real good job in our herd over the past years. Our present herd sire, Dreymaur Lord Barrington EX has done an outstanding job. Some of the younger females in the sale are sired by him. Some of his daughters are near completing their first records with over 10,000 lbs. of milk.

We have been showing our cattle since 1965 at many major exhibitions and fairs and have done very well.

We hope your purchases will do as well for you as they have done for us, and will increase our circle of friends in our Dual Purpose Shorthorn Breed.

The cattle may be seen any time before the Sale.

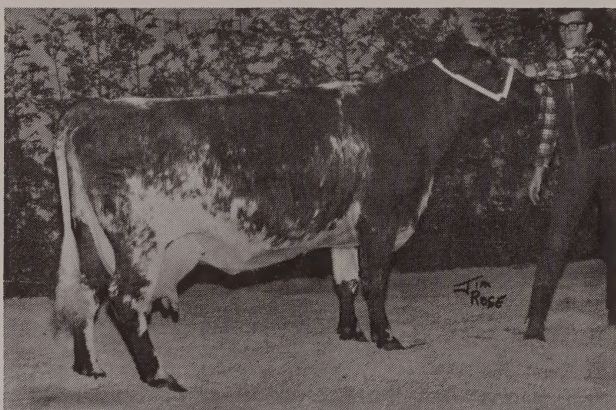

Sincerely,

Maurice and Audrey Knott and Family

NOTES

Terms and Conditions of Sale

TERMS: The terms are cash, or cheque at par, unless other arrangements are made with the Seller before the sale. All payments must be made to the Clerk of the Sale and no release will be given until satisfactory settlement has been made.

BIDS: The highest bidder shall be the buyer. In case of dispute, the animal shall again be put up for advance bids and if there be no advance bid, the animal shall be sold to the person from whom the auctioneer accepted the last bid. Every animal is pledged to absolute sale and by-bidding is prohibited. Every animal must be transferred to the new owner.

RISK: All animals are at the purchaser's risk as soon as sold, but will be cared for during a reasonable length of time after the sale.

ERRORS: If errors are noted in the catalogue, announcements of corrections will be made from the auction stand, and such announcement will take precedence over the matter in the catalogue.

CERTIFICATES: Each animal is recorded, or will be recorded in the Herd Book of the Breed Association. (Transferred registry certificates will be forwarded to the purchaser of each animal.)

SHIPPING: Assistance will be given in making shipment after the sale, but no risk is assumed by the Sale Management or Seller. Expenses incident thereto are for account of the purchaser. Purchasers are requested to furnish shipping instructions when making settlement.

Immediate Delivery unless arrangements have been made with the sales management.

WARRANTIES:

1. Each seller warrants clear title to the animal and right to sell same.
2. Unless otherwise noted in the catalogue or announced from the Auction Stand each animal is sold as sound.
3. Each animal is sold as a breeder subject to the following conditions:
 - (a) **MALES:** Bulls are sold as being able to serve and settle healthy females after reaching 14 months of age where the buyer has provided reasonable care and feeding. Should the bull prove to be a non-breeder, the buyer shall notify the seller in writing within four months after the bull reaches 14 months of age. The seller will then have the privilege of six months to prove the bull to be a breeder. In no case shall the seller be responsible for more than the selling price in making settlement to the buyer. Older bulls are warranted as breeders unless otherwise announced from the auction stand.
 - (b) **FEMALES:** Any female pregnant when sold or with calf at foot, or that has freshened normally within sixty days prior to the date of sale is by that fact considered a breeder. Should any female over 12 months of age, not pregnant when sold, fail to become pregnant within six months of the sale date, or by the time she has reached twenty-one months after having been bred regularly to a bull known to be a breeder and after having been treated by a licensed veterinarian, the matter shall be reported in writing to the seller who shall then have the privilege of six months' time in which to prove the animal a breeder before refunding the purchase price. Females bred when sold are presumed to be pregnant but pregnancy is not guaranteed. Results of any pregnancy examinations will be announced, but no guarantee is given that a pregnant female will deliver live calves or that they will carry calves full time, nor does he guarantee that the calf carried will not be mummified.
4. The seller is not responsible for damages caused by foreign bodies after the animal is sold, nor for sickness not apparent at sale time.
5. Above warranties cease when the animal is disposed of by the original purchaser.
6. Transportation charges on all animals subject to adjustment shall be paid by the shipper.

ACCIDENTS: Although every precaution will be exercised to protect the safety and comfort of guests, neither the Auctioneers, Owners nor Sale Management will be responsible for condition of the grounds or behavior of animals and disclaim any liability, legal or otherwise in the event of personal accident or property loss.

The above Terms and Conditions shall be a contract between the buyer and seller of each Lot.
